2007 PLAN OF ACTION

Activity	Objectives	Target population	Expected Results	Personal Remarks
1) Phenobarbital drug	To curb/mitigate Epilepsy in Momo .	Epileptic patients/orphans from children to adults.	Reduces number of bars per day and stop Epilepsy in some of the patients .	Has been a big push to these suffering patients.
2) Handing of books/clothes and payment of school fees.	To empower orphans and disabled persons.	Orphans from one to thirty years and Disables of all ages.	Elevating their hopes, giving them Education so as to better their future	Their hopes are elevated and they are fully adapted to life .
3) Trainings in Tailoring, hairdressing, carpentry, and Goat rearing .	To empower them economically.	Orphans from 1-2 5 years	Self employment, increased standard of living	They are contributing enormously to the welfare of the Nation
4) Training Centre in Computer hardware, soft ware, embroidery etc in Bamenda	Still empowering the orphans disables and street children.	Orphans and the Disabled with street children of all sorts	Reduction in Banditry for street children, a feeling of belonging for Disabled and orphans and contribution to Nation building to all of them.	This shall go a long way to boost the lives of these category of persons.
5) Research in Epilepsy	To know the actual cause of Epilepsy	Epileptic orphans/patients	By the end of the research, the cause of Epilepsy would be known and appropriate treatment and prevention taken .	This will enable us to treat, health educate and prevent well.
6) Health talks	To sensitize the people under our area of operation on health issues	Children, women, men	Treatment, establish and preventive measures taken. They would have been educated adequately on matters concerning health at the end of this exercise	This will reduce the rate of transmission of diseases amongst the people in Momo
7) Celebration of African day of the child	To create awareness on the importance of the African child.	Children, orphans, from 1-20 years.	They would have known how the African child is important to the them .	This will send more messages to the people all over Momo.
8) Celebration of World Aids Day	To create more awareness on the Dangers of HIV/AIDS	Men, Woman, children.	More awareness would have been created.	Momo People would be reminded on new strategies to fight the pandemic
